These initiatives and sponsorships have empowered more than 150,000 local youths to enhance their skills, broaden their horizons, and capitalise on the opportunities presented by the GBA. With the resumption of regular cross-border travel between the Mainland and Hong Kong in 2023, the Foundation has been able to accelerate its efforts in fostering exchange, interaction, and integration among Hong Kong youth in the Mainland. As a result, nearly 10,000 local young people have been provided the opportunity to participate in immersive experiences in various mainland GBA cities throughout the year.

In terms of initiatives, the Foundation launched a notable event in November 2023: the "GBA Youth Forum 2023". 香港特別行政區政府駐粵經濟貿易辦事處 「粵港澳大灣區發展推廣中心」正式投入運作

粵港澳大灣區發展專員陳潔玲10月17日在惠州舉行的《粵港澳大灣區發展宣講會》上致辭。

The Commissioner for the Development of the Guangdong-Hong Kong-Macao Greater Bay Area, Ms Maisie Chan, speaks at the Symposium for Promoting the Development of the Guangdong-Hong Kong-Macao Greater Bay Area in Huizhou on October 17.

粵港澳大灣區（大灣區）建設是國家主席習近平親自謀劃、親自部署、親自推動的重大國家戰略，目標是通過進一步深化粵港澳合作，發揮三地互補的優勢，推動經濟協同發展，建設宜居、宜業、宜遊的國際一流灣區，進一步提升大灣區在國家經濟發展和對外開放中的支撐引領作用。大灣區建設亦是香港更好融入國家發展大局的最佳切入點。

積極推動大灣區建設

香港特別行政區政府（特區政府）一直以來極為重視推動大灣區建設的工作，並積極與中央相關部委、廣東省政府及澳門特區政府保持緊密聯繫，尋求更多政策創新和突破，致力爭取更多惠及香港、同時有利於國家和大灣區發展的政策措施，一方面支持香港居民及企業到大灣區內地城市發展，另一方面協助大灣區內地城市開拓國際市場，充分發揮香港「引進來、走出去」的雙向平台角色。

為進一步加強在大灣區內地城市的宣傳推廣和對在當地尋求發展的港人港企的支援，特區政府於2023年4月在駐粵經濟貿易辦事處設立「粵港澳大灣區發展推廣中心」（推廣中心），透過加強與香港貿易發展局(貿發局)、投資推廣署，以及內地相關團體和機構的策略性合作，並通過舉辦及參與不同形式的活動，向在大灣區內地城市的港人港企推廣大灣區建設所帶來的機遇，並提供適切的支援。同時，推廣中心亦會鼓勵內地人才和企業善用香港「一國兩制」的獨特優勢，通過香港尋求更大的發展。

自成立以來，推廣中心通過舉辦及參與由不同香港商會及內地團體舉辦的宣講會和商貿考察團，推廣大灣區發展的無限機遇，及推介香港在「一國兩制」原則下，作為大灣區中心城市的優勢與角色。

其中，推廣中心於2023年4月即聯同特區政府粵港澳大灣區

發展辦公室及貿發局合辦「粵港澳大灣區發展日」研討會，讓超過240位在大灣區成功發展事業的企業家、在香港及大灣區內地城市營運的中小企代表，以及青年及初創企業經營者等分享經驗，探討如何用好大灣區建設的龐大機遇。今年5月，推廣中心在貿發局和廣東省商務廳共同主辦的「推動高質量發展·香港論壇」（SmartHK）設置展覽，在這個「粵港合作周」的旗艦活動向參加者展示香港在大灣區建設中擔當的重要地位和獨特優勢，並與貿發局合辦「Smart+初創企業提案」分享會。今年8月和10月，推廣中心又在廣州和惠州與相關政府部門和機構合辦宣講會，分別與兩地數百位企業代表及青創人士就大灣區建設所帶來的機遇進行深入交流和討論。未來，推廣中心會繼續在更多大灣區內地城市舉辦和參與宣講會，協助粵港兩地企業，特別是香港的企業和初創人士更準確了解大灣區發展的趨勢和最新政策，同時拓展商脈。

此外，推廣中心亦會安排及協助不同機構和香港團體到大灣區內地城市進行考察，包括安排代表團與當地政府和企業代表會面交流，讓參加者掌握有關大灣區發展的第一手資料。例如今年8月，推廣中心安排貿發局的《聚能大灣區投資考察團》香港團員在廣州出席交流晚宴，與廣東省粵港澳合作促進會聯繫交流。10月，推廣中心繼續與貿發局合作，成為《聯動大灣區考察團-廣州》的策略伙伴，向團員介紹大灣區發展的相關政策。

支援香港青年善用大灣區的發展機遇

特區政府積極鼓勵及支持香港青年善用大灣區為他們個人和事業發展帶來的重要機遇，例如於今年3月將「大灣區青年就業計劃」恆常化；以及通過「青年發展基金」下設的「粵港澳大灣區青年創業資助計劃」，支持香港青年創業團隊在不同的大灣區內地城市包括廣州、深圳、東莞、惠州、珠海和佛山等地落戶。推廣中心自成立以來，一直致力通過不同的活動和場合，與在大灣區內地城市發展的香港青年保持聯繫，並會盡力為他們提供所需的支援和協助，例如推廣中心正計劃製作關於香港青年在大灣區內地城市的創業資訊短片，增進他們對大灣區發展機遇的了解。

展望未來

香港擁有「一國兩制」的制度優勢，高度市場化、法治化、和國際化的營商環境，以及世界一流的專業服務人才，將繼續肩負大灣區核心引擎的角色，與其他大灣區城市優勢互補，共同推動在不同領域更高水平的互聯互通，打造大灣區成為全國以至全球最有活力、最具競爭力的地區之一。

推廣中心將會利用多元化渠道，策略性地宣傳和推廣大灣區建設的重大機遇，向不同背景的市民、企業、青年和持份者發放更多有關大灣區發展的正面信息，說好灣區故事，並鼓勵各界積極參與建設，共同分享大灣區建設所帶來的發展紅利。

The Guangdong-Hong Kong-Macao Greater Bay Area Development Promotion Centre of the Hong Kong Economic and Trade Office in Guangdong, HKSAR now officially in operation

The development of the Guangdong-Hong Kong-Macao Greater Bay Area (GBA) is a national strategy personally devised, planned and propelled by President Xi Jinping. Through further deepening co-operation amongst Guangdong, Hong Kong and Macao, the primary goals of the GBA initiative are to amplify the complementary advantages of the three places, foster mutual economic growth and cultivate an international first-class bay area conducive to living, working, and travelling. Furthermore, the initiative aims to enhance its pivotal and guiding role of the GBA in the nation's economic development and openness. The GBA also represents an optimal gateway for Hong Kong to integrate into the overall development of the country more seamlessly.

Vigorous Advancement of the GBA Initiative

The Hong Kong Special Administrative Region (HKSAR) Government has consistently prioritised the progress of the GBA, actively liaising with relevant Central Ministries and Commissions, the Guangdong Provincial Government, and the Macao Special Administrative Region Government. They continuously pursue innovative policy breakthroughs and strive for more policy that will benefit Hong Kong and contribute to the development of both our country and the GBA. This supports Hong Kong residents and enterprises in their expansion into the Mainland cities of the GBA and facilitates these cities to penetrate the international markets, utilising Hong Kong's duo functions of "attracting foreign investment" and "going global".

To bolster publicity and promotion in the Mainland GBA cities, as well as to support Hong Kong people and enterprises seeking to develop there, the HKSAR Government established the "Guangdong Hong Kong-Macao Greater Bay Area Development Promotion Centre" (Promotion Centre) under the Hong Kong

Economic and Trade Office in Guangdong in April 2023. The Promotion Centre intensifies strategic collaboration with the Hong Kong Trade Development Council (HKTDC), InvestHK and relevant Mainland organisations and institutions. It organises and participates in various activities to publicise opportunities brought about by the GBA development to Hong Kong people and enterprises in the Mainland cities of the GBA, providing appropriate assistance when required. The Promotion Centre also encourages Mainland talents and enterprises to exploit Hong Kong's unique advantages under the "One Country, Two Systems" framework, and venture into Hong Kong to explore more growth opportunities.

Since its inception, the Promotion Centre has organised and engaged in seminars and study missions hosted by various Hong Kong chambers of commerce and mainland entities. It has been promoting the immense opportunities of GBA development, as well as the pivotal role and advantage of Hong Kong as the core city of the GBA under the principle of "One Country, Two Systems".

In April 2023, the Promotion Centre co-hosted the GoGBA Development Day with the GBA Development Office of the HKSAR Government and HKTDC. This event brought together more than 240 entrepreneurs who have successfully expanded their businesses in the GBA, representatives from SMEs operating in Hong Kong and the Mainland GBA cities, alongside young entrepreneurs, and start-ups to share their experiences and strategies to leverage the abundant opportunities offered by the GBA. In May of this year, the Promotion Centre staged an exhibition at the "Promotion of High-quality Development · Hong Kong Forum" SMART HK 2023, a flagship event of the "Guangdong-Hong Kong Cooperation Week" co-hosted by HKTDC and the Guangdong Provincial Department of Commerce. This event spotlighted Hong Kong's important role and unique advantages in GBA development. It also co-organised with HKTDC a sharing session of "the Promotion of High-quality Development · Hong Kong Forum Smart+Start-up Pitching Event". In August and October of this year, the Promotion Centre co-organised seminars with relevant government departments and organisations of Guangzhou and Huizhou, and facilitated in-depth exchanges and discussions with hundreds of business representatives as well as young entrepreneurs from both places on the opportunities brought about by GBA development. Moving ahead, the Promotion Centre will continue to orchestrate and participate in seminars in more Mainland cities of the GBA. The goal is to assist

Guangdong and Hong Kong enterprises, especially Hong Kong enterprises and start-ups, to better understand the development of GBA and its latest policies, as well as expand their business networks.

At the same time, the Promotion Centre also coordinates and facilitates visits to Mainland cities of the GBA for various organisations and Hong Kong groups. This includes arranging for the delegations to meet with local government and business representatives, enabling participants to obtain first-hand information about GBA development. For instance, on 18 August this year, the Promotion Centre arranged for the Hong Kong delegation of the Synergise GBA of HKTDC to attend a networking dinner with the Council for the Promotion of Guangdong-Hong Kong-Macao Co-operation. In October, the Promotion Centre maintained its collaboration with HKTDC and served as a strategic partner of a trade mission to Guangzhou, introducing the delegation members to the relevant policies on GBA development.

Empowering Hong Kong Youth to Capitalise on GBA Opportunities

The HKSAR Government is committed to encouraging and supporting Hong Kong youth to seize the significant opportunities that the GBA presents for their personal growth and career advancement. For instance, in March of this year, the HKSAR Government institutionalised the Greater Bay Area Youth Employment Scheme. Through the Funding Scheme for Youth Entrepreneurship in the GBA set up under the Youth Development Fund (YDF), the government aids Hong Kong young entrepreneurs in establishing their businesses in various Mainland cities of the GBA, including Guangzhou, Shenzhen, Dongguan, Huizhou, Zhuhai and Foshan.

Since its inception, the Promotion Centre has been unflagging in its efforts to maintain contact with Hong Kong young people who are forging their careers in Mainland GBA cities. This is achieved through various activities and events, and the Promotion Centre will consistently strive to provide them with the necessary support and assistance they need. For instance, the Promotion Centre is planning to produce informative videos about Hong Kong youth entrepreneurship in Mainland cities of the GBA to enhance young people's understanding of the developmental opportunities within the GBA.

「粵港澳大灣區發展推廣中心」積極參與考察訪問，為香港企業發掘商機，拓展商脈。

The Guangdong Hong Kong-Macao Greater Bay Area Development Promotion Centre proactively promotes the enormous opportunities brought about by GBA development and helps expand delegates' business network through organising study missions.

Looking Ahead

Hong Kong with the institutional advantages of "One Country, Two Systems" principle, boasts a highly market-driven and internationalised business environment, grounded in the rule of law, and a home of world-class professional service talents. It will persist in its role as the core engine of the GBA, fostering synergies with other GBA cities. Collectively, we will enhance connectivity across various fields and develop the GBA into one of the most vibrant and competitive regions nationally and globally.

The Promotion Centre will step up its publicity efforts, strategically promoting the immense opportunities of GBA development through diversified channels. This will propagate more positive information about GBA development to the public, enterprises, youth and stakeholders from various backgrounds. The aim is to narrate compelling stories of the GBA and inspiring different sectors to actively engage in the GBA development and reap the benefits it brings about.

大灣區青年發展論壇2023 - 多元共融 開創明天 GBA Youth Forum 2023 - Diversity and Integration: Pathway to a Brighter Tomorrow

由大灣區共同家園青年公益基金主辦，香港經濟日報集團及大灣區共同家園發展基金聯合主辦的大灣區青年發展論壇2023，於2023年11月2日在香港會議展覽中心圓滿舉行，論壇吸引超過700名青年於線上線下一同參與，更有幸被納入為由香港特別行政區政府民政及青年事務局主辦「青年節@HK」的節目之一。論壇主題為「多元共融 開創明天」，旨在探討三大青年切身議題 — 「創業跨領域」、「創科跨世代」及「文體跨國界」，並邀請多位專業人士與青年領袖進行現況分享及趨勢討論，令有不同興趣和志向的青年人發掘在創業、創科、文化及體育等領域的發展路向。

論壇的主禮嘉賓包括香港特別行政區政府民政及青年事務局局長麥美娟女士、中央人民政府駐香港特別行政區聯絡辦公室青年工作部副部長，一級巡視員宋來教授、大灣區共同家園青年公益基金主席(信和集團副主席)黃永光先生、大灣區共同家園投資有限公司總裁，香港金融發展局董事胡章宏博士、香港經濟日報集團董事總經理兼經濟通董事總經理史秀美女士、大灣區共同家園青年公益基金常務副

主席(香港立法會議員、霍英東集團副總裁)霍啟剛先生。

當日論壇先由麥美娟局長及黃永光主席分別致辭。其後，由來自創業、創科及文體界別的青年領袖及專業人士進行專題分享和討論。

專題一：「創業跨領域」— 跨越界限開拓創業機遇

創業需要熱情和毅力，但更需要創新的思維。大灣區的迅速發展為創業者帶來了許多優勢，青年應擴闊視野，定下目標，融入創新元素，將意念逐步轉化為商業計劃。大灣區的創業基地、創業比賽、孵化平台及創業基金等，讓青年更容易踏上創業之路，同時為社會的商業模式帶來新的創意，以迎接跨越界限的未來新經濟。

專題二：「創科跨世代」－連結各方邁向創科未來

創新科技的發展需要融合不同世代的思維、經驗和專業。透過跨世代的合作與交流，達到知識的傳承和融合，讓年青一代的創新思維和技術專長得到最大的發揮。大灣區擁有優越的地理位置、龐大的市場、豐富的資源和各種利好政策，使香港能發揮科研及國際化等的優勢，從而推動香港成為國際創科中心及提升競爭力，為加快國家科技建設及於學術、研究及培育人才方面作出更多貢獻。

專題三：「文體跨國界」－突破地域綻放文體力量

文化和體育具有獨特的力量，能突破地域、語言和文化的差異，連結人們的心靈。在大灣區內，香港被視為亞洲文化的樞紐，薈萃中西文化，匯聚了世界各地的藝術和文化工作者，而近年香港青年運動員亦在世界體壇不斷發光發亮，因此青年人應繼續以文化藝術及體育等的軟實力，在國際舞台說好香港以至中國故事，發揮自身潛能，使國家及香港文體產業不斷蓬勃融合發展。

The GBA Youth Forum 2023, organised by the Greater Bay Area Homeland Youth Community Foundation, and co-organised by Hong Kong Economic Times Holding and Greater Bay Area Homeland Investments Limited, was held on 2 November 2023 at the Hong Kong Convention and Exhibition Centre. The Forum attracted more than 700 young people, both offline and online.

Organisers of the Forum were delighted to have the event included as one of the programmes in Youthfest@HK, organised by the Home and Youth Affairs Bureau of the Government of the Hong Kong Special Administrative Region. The theme of this year's Forum was "Diversity and Integration: Pathway to a Brighter Tomorrow". Three youth-related topics were discussed: Entrepreneurship Across Disciplines, Innovation Across Generations, and Culture and Sports Across Borders. Professionals and young leaders were invited to discuss current developments and trends in entrepreneurship, innovation and technology, culture and sports as well as to inspire young people to explore career paths in these fields.

The Forum was officiated by Ms Alice MAK, Secretary for Home and Youth Affairs, the Government of the Hong Kong Special Administrative Region; Professor SONG Lai, First-class Inspector, Deputy Director General, Youth Department of the Liaison Office of the Central People's Government; Mr Daryl NG, Chairman of the Greater Bay Area Homeland Youth Community Foundation (Deputy Chairman of Sino Group); Dr HU Zhanghong, CEO of Greater Bay Area Homeland Investments Limited and Director of the Financial Services Development Council; Ms Salome SEE, Group Managing Director of Hong Kong Economic Times Holdings and Managing Director of ET Net; and Mr Kenneth FOK, Executive Vice Chairman of the Greater Bay Area

Homeland Youth Community Foundation (Member of the Legislative Council, Vice President of the Fok Ying Tung Group).

Ms Alice MAK and Mr Daryl NG delivered speeches before the start of the Forum, highlighting government's support of youth development. They also encouraged young people to seize the tremendous opportunities available in the GBA for unleashing their potential and create a brighter future. Afterwards, young leaders and professionals participated as guest speakers in three panel discussions.

Panel 1: Entrepreneurship Across Disciplines – Exploring Entrepreneurial Opportunities Beyond Boundaries

Starting a business requires passion, perseverance and an entrepreneurial spirit. In the GBA, rapid development has created many advantages for entrepreneurs, opening the way for young people looking to set up new businesses. With its entrepreneurial bases, competitions and incubation platforms, the GBA can help young people embark on their entrepreneurship journey with ideas that benefit society and prepare them for the new economy. To get started, they should broaden their horizons, establish clear goals and transform their creative ideas into a business plan.

Panel 2: Innovation Across Generations – Connecting All Parties to a Tech-driven Future

Through intergenerational collaboration and communication, knowledge can be transferred to help the younger generation acquire technical expertise and become innovative thinkers. The strategic location, huge market potential, abundant resources and favourable policies of the GBA can help Hong Kong leverage its advantages in scientific research and internationalisation. The GBA can also support Hong Kong in its transformation into an international hub for innovation and technology and contribute more to the nation's development with respect to technology, academia, research and professional talent.

Panel 3: Culture and Sport Across Borders – Breaking Through Regional Boundaries to Unleash the Power of Culture and Sports

Culture and sports have the unique ability to transcend regional, language and cultural barriers and connect people. Within the GBA, Hong Kong is regarded as a prominent hub of Asian culture, drawing a vast pool of artists and talented people from all over the world. Hong Kong's young athletes have also demonstrated remarkable performance in international sports. Young people should therefore continue utilising the soft power of culture, arts and sports to tell compelling stories about mainland China and Hong Kong in the global arena.

The following guest speakers participated in the Forum (in no particular order):

計劃課程由Trumpstech尊科承辦，分為兩個部份，第一部份學生將參加3小時的「商湯AI體驗工作坊」，共有28間官津及資助中學參與，每校60個名額，接近1,700名中一至中三基層學生受惠。活動將於香港科技園，佔地3,000呎的粵港澳大灣區青年AI發展中心及商湯科技總部進行，讓學生以親身體驗的方式認識人工智能最新的技術及發展。第二部份，各參加學校將挑選出4位優秀學生組隊，即共112位學生組成28支隊伍，參加9小時的「進階AI課程」，以及2024年年初舉辦的大灣區AI體驗交流團，以促進學生對大灣區創科發展的認識。隨後，該28支隊伍將參加AI工程師比賽進行角逐，驗收學習成果。培訓課程、交流團及參賽費用，均由基金資助，以支持本地基層青少年踏上AI工程師夢想之旅。

In October 2023, the Foundation launched the GenRobo Programme 2023-24 — The Path to Become AI Engineers. This year, in collaboration with SenseTime, a world-renowned AI company, to offer complimentary AI courses to underprivileged students. The pivotal goal is to ignite

their interest in artificial intelligence, robotics, and coding. We aim to cultivate their spirit of discovery, bolster their programming skills, and foster their comprehensive problem-solving capabilities through state-of-the-art technology.

The initiative encompasses a total of 28 government and subsidised secondary schools, with an allocation of 60 places per school, benefitting nearly 1,700 under-privileged students from secondary one to three. Trumpstech has been entrusted with the implementation of the programme, which consists of two distinct phases.

In the first phase, students will participate in a three-hour "SenseTime AI Workshop" conducted at the 3,000-square-foot GBA Youth AI Development Centre and SenseTime headquarters located in the Hong Kong Science and Technology Parks. During this workshop, students will gain hands-on experience and delve into the cutting edge AI technology.

Moving on to the second phase, each participating school will nominate four outstanding students to form a team. In total, 112 students grouped into 28 teams, will partake in an intensive nine-hour "Advanced AI Course", followed by a "Greater Bay Area AI Experiential Tour" scheduled for early 2024. The tour aims to enrich their innovation and technology development in the GBA. Following the tour, all teams will engage in the AI Engineer Competition, providing them a platform to showcase their remarkable learning accomplishments. The Foundation bears all costs associated with the programme, reflecting our steadfast commitment to nurturing young minds on their path to becoming future AI engineers.

自信英文演說培訓課程

English Public Speaking with Confidence Programme

學習演說除了可以培養自信外，還可以訓練自身的表達技巧。有見及此，由基金主辦，斯程教育協辦的自信演說培訓課程，為4間學校約100名中學生提供演說訓練課程，幫助同學建立自信、訓練英語水平及演說技巧。課程於2023年7月展開，經過為期兩星期共30小時培訓，於9月中舉辦的結業禮上，同學們就不同主題以英語進行演說，均展現出對演說技巧的掌握能力及自信。各同學獲頒發證書，嘉許他們在學習上的努力。

In addition to fostering self-confidence, mastering the art of public speaking also plays a vital role in developing effective communication skills. Recognising this significance, the Foundation organised a dynamic public speaking training programme, in collaboration with See Change Education, catering to approximately 100 secondary school students from four schools. The programme aimed to empower students by instilling confidence, enhancing their English proficiency, and refining their public speaking abilities. Spanning over a two-week period, the course commenced in July 2023 and included a comprehensive 30-hour training curriculum.

During the graduation ceremony held in mid-September, students showcased their command of public speaking skills and self-assurance by delivering impactful speeches in English on a variety of captivating topics. Each student was presented with a well-deserved certificate, recognising their remarkable dedication and achievements throughout their learning journey. This ceremony served as a testament to their personal growth and the invaluable skills they acquired during the programme.
